To Whom It May Concern:

Amity Regional School District 05 filed a 470 form for access points needed for our next phase of implementing mobile devices for students. The service requested under Category 2 was "Basic Maintenance of Internal Connections". There was confusion as our expansion was maintaining the existing connections was considered maintenance of the entire network or new internal connections. As the Technology Director reviewed the bid response and spoke to the vendors, we realized that the correct selection should have been "Internal Connections". A new 470 was posted and 2 bids were received. However, we missed the original filing window for the 471 process. We would greatly appreciate having our new 471 application, 191041663 considered for funding.

Please contact me if you need more information or have questions.

Respectfully,

A handwritten signature in blue ink that reads "Theresa Lumas".
